Dear Mr. Knoy:

We appreciate the opportunity to review the Application For Use of Bioremediation Technology At Naples Truck Stop OPA Removal Action provided to us as a part of the Regional Response Team and as a "Natural Resource Trustee".

The Division staff has reviewed the proposal and found it to be acceptable, if the bioremediation treatment system's operational discharge contaminants are monitored and are at or below those given in the proposal.

If you have any questions about this review, please contact Robin Jenkins at (801) 536-4100.

The Utah Division of Air Quality (UDAQ) also reviewed and prepared comments on the above proposal. At the request of the UDAQ, we are forwarding those comments for your review.

Sincerely,

Kent P. Gray, Director
Division of Environmental Response and Remediation
